Descripción:

I have a practically brand new Chevy 1500, with 2339 miles. Yep, you read that right. Sadly we bought this a few years back in hopes of always getting more work. We sold the company, and now are selling the equipment. The 570 Unit, still smells new. Has been used on two jobs, 98 hours total. The Van has always been kept in a garage in winter, and the rig was winterized each winter and maintained by a local company who does maintenance on them.

Serious offers only, do not try to low ball me please.

<https://www.legendbrands.com/products/apex-570-truckmount/> - About the rig, 90 gallon dirty tank with it, as well as 300 gallon new tank. All hoses and wands included.

If you already have a company, or are looking to start one. This will make you money out the gate.
