Listing details

Basic Info

Title: Turnkey truckmount - Steamway / Ford E250
Price: 12,495.00
Reference Number: UCC92428
Posted: Feb 23, 2024
Description:
1996 E250 w/ less than 40K miles new engine, newly rebuilt front end and brakes, computer.

26** hrs new Kohler 23.5HP engine (only synthetic oil, changed every 100hrs), stainless steel heater coils with kerosene heat.

Everything you need to start a new business or secure a reliable back up machine for your existing business without breaking the bank.

I've taken care of this and rebuilt almost everything over the last 8 years, including replacing and rebuilding blower, pump, engine, valves, fittings, and hoses.

This has been my daily use machine and van, became my backup, then back to daily use for the last 1.5 yrs due to accident in the other rig. Selling because I was able to get new equipment and van and have a new (not even out of the crate yet) machine in trailer to be used as my new back up.
